Feedback from the Business

Sales Teams say:

- Quote preparation takes too long.
- Product information is difficult to find.
- Approval processes are inconsistent.

Customer Service says:

- Too many orders require manual corrections.
- Order information is often incomplete.
- Customers frequently call to check quote status.

Sales Managers say:

- CRM data quality is poor.
- Follow-up activities are inconsistent.
- Reporting cannot always be trusted.

Management expects significant improvement within the next 12 months.
